Honey time!!!

Here we are!!! I’m going to packaging my honey. I’m really proud of my bees, they have done a wonderful product. It’s a multiflower honey, in which you can recognize the flower of Acacia, Linden and Chestnut. Since we have the new honey, bread and honey is the preferred snack of my children… and mine, of course!!! I’m looking forward to let you taste it!! You can book it! write info@saltapoggio.it or phone +39 349 2184916. Let me know how much you like my honey! Edo Bichi
